Vision Solutions' Double-Take Move® Achieves VMware Ready-vCloud Air™ Status

Now accessible in VMware Solution Exchange, the solution provides easy migration to vCloud Air™

Irvine, Calif. (April 1, 2015) – Vision Solutions Inc., a leading provider of disaster recovery, high availability and migration software and services, announced today that its migration solution, Double-Take Move, has achieved VMware Ready-vCloud Air™ status. This designation indicates that Vision Solutions has undergone technical validation and is supported on VMware vCloud Air®.

“We are pleased that Vision Solutions' Double-Take Move has joined the vCloud Air ISV Program and has achieved VMware Ready-vCloud Air certification. Double-Take Move qualifies for the VMware Ready – vCloud air logo, signifying to customers that it works seamlessly within VMware VCloud Air, and can be deployed in production with confidence,” said Howard Hall, senior director, Alliances, VMware.

Additionally, Vision Solutions is a member of the access tier of the vCloud Air ISV program and is listed on the VMware Solution Exchange.

“We’re pleased to provide prospective and existing VMware users with the opportunity to migrate easily to vCloud Air,” said Alan Arnold, Chief Technology Officer, Vision Solutions. “Double-Take Move® provides enterprises with the flexibility to onboard onto vCloud Air from any environment or platform. Now, easily accessible within the VMware Solution Exchange, Double-Take Move® helps companies successfully extend workloads to the cloud without fear of downtime.”

Double-Take Move delivers the following benefits to users seeking to migrate to vCloud Air:

- Offers a flexible, single solution to migrate physical, virtual or cloud servers to vCloud Air
- Maintains productivity with near-zero downtime migrations
- Provides secure and efficient replication over any distance
- Enables simple configuration: no additional servers or appliances needed
- Mitigates risk with the ability to test the migration without impacting production

The VMware Ready program is a co-branding benefit of the Technology Alliance Partner (TAP) program that makes it easy for customers to identify partner products certified to work with the VMware cloud infrastructure. Customers can use these products and solutions to lower project risk s and realize cost

savings over custom-built solutions. With thousands of members worldwide, the VMware TAP program includes best-in-class technology partners with the shared commitment to bring the best expertise and business solution for each unique customer need.

Double-Take Move can be found within the online VMware Solution Exchange (VSX) at <https://solutionexchange.vmware.com/store/products/double-take-move>.

About Vision Solutions

Vision Solutions is the premier provider of software solutions designed to protect data, minimize downtime and maximize data center resources. It is the only company to deliver workload migrations, high availability, disaster recovery and data sharing – across multiple operating systems, on any hardware and in any physical, virtual or Cloud-based environment. Its solutions perform near-zero downtime migration of data, applications and systems and utilize real-time replication to prevent data loss. And its software enables different database platforms to seamlessly share and consolidate data in real-time. Vision Solutions has been serving enterprises and managed service providers for over 25 years through our portfolio of Double-Take®, MIMIX® and iTERA® product brands.
